

IT- & Cybersecurity

With data at the core of many new business models, IT security is of paramount importance. Here Bavaria can boast an ecosystem with a unique blend of know-how, talent, R&D, industry and start-ups.

Your digital start-up centres

About

Digitales Zentrum Schwaben (DZ.S) and aitiRaum e.V. are Swabia's networking platform for founders, established businesses and science. Two digital start-up centres in Augsburg and Kempten offer excellent opportunities for a good start.

Located close to the border to the Czech Republic and Austria, INN.KUBATOR Passau provides easy access to three promising markets. As member of the GZDN Association, it is connected to an extensive network of investors and players from industry, science and associations.

At ITC1, founders, start-ups and young companies meet already established high-tech companies. In addition, the Innovations Technology Campus offers a high-quality infrastructure, a crosssector network and actively promotes innovation. It aims to support digital start-ups.
